

Everyday Christianity
Luke 2:41-52

A relationship with the Heavenly Father is our primary pursuit.

A key context for growing in faith is the family.

- Children: do not neglect learning from your parents.
- Parents: helping your children grow in their faith is doing the Father's business.

Faithfully doing your work is a way of faithfully serving God.

- Commit to doing your work well.
- Commit to doing your work ethically.
- Consider that God already is already at work in your work.
